

Making the Case for LB312 and LB313

LB312 and LB313 meet Reform for Nebraska's Future's principles on property tax reform. These bills will generate the revenue necessary to achieve meaningful property tax reform and bring balance back to Nebraska's tax system without sacrificing our State's priorities.

So what do LB312 and LB313 actually do for Nebraskans?

Provide meaningful property tax reform and relief.

77% of Nebraskans support property tax reform.

Provide tax relief Nebraskans actually want.

62% of Nebraskans believe that property taxes are too high; compared to 14% who believe income taxes are too high.

Help balance Nebraska's tax system.

72% of Nebraskans believe our schools and other items should be funded through several different sources so there is not an over dependency on one source.

Broaden the tax base to lower high property taxes.

63% of Nebraskans support broad-based taxes, such as sales taxes, to fund state priorities.

Assure taxes do not go up by creating a more balanced system through dollar for dollar property tax relief.

63% of Nebraskans believe taxes are already too high in the state.

Provide property tax reform while simultaneously preserving education funding.

88% of Nebraskans agree that property tax reform is necessary and can be done while preserving public education funding.
